

Meat Packages

Many of you have asked about purchasing meats for the holiday season for your families. We at Chiara have listened and have put together some options.

One option is to purchase one of our Holiday Meat Gift Packages.

By purchasing one of these, you can feed your family with some of the highest quality meats and poultry available or give the box to one of your loved ones as a gift for their family! Also by doing so, you know that you are helping to support both a local restaurant and a local meat company, as all of the meats are distributed through the same distributor in MA that supplies the meats and poultry to Chiara.

The packages are available with fairly short notice (see ordering and pricing details below).

The second option is to order from our menu of prepared and semi-prepared food items that can be purchased either ready to eat or with finishing instructions for you to finish cook at home.
